Date: 30 August 2022

## **Final Procurement Notice**

The Millennium Challenge Corporation (MCC) and the Government of Kosovo signed a Threshold Program Agreement on 12 September 2017 in an amount of 49 million USD for the implementation through Millennium Foundation Kosovo with the objective to reduce poverty and stimulate economic growth by targeting two key constraints to Kosovo's economic growth: an unreliable supply of electricity; and real and perceived weakness in rule of law, government accountability and transparency. This Threshold had a term of more than four (4) years being its final date of 30 September 2022.

Millennium Foundation Kosovo through this public announcement, communicates all contractors, suppliers and consultants that Millennium Foundation Kosovo will not receive deliverables derived from contracts financed by MCC after Threshold End Date i.e.; **30 September 2022**, unless the specific contract stipulates a subsequent date. Any deliverable received subsequent to this date will be declared ineligible for the corresponding payment. Millennium Foundation Kosovo takes the opportunity to thank all interested parties for contributing to the success of the Program to the benefit of Republic of Kosovo.
